*We put the "you" back  
in Customer Service!*

Dear Fellow Consumer:

As a member of the Business Community we are constantly making decisions that will affect our bottom line. The days of a handshake and the spoken word have evolved into a world of high technology. "Personal Touch" and "Customer Service" are phrases that have become empty promises and marketing jargon. How many times a day have you heard "What ever happened to good old fashioned customer service?"

CWTS embraces those old fashioned ideas and has made them the foundation from which our company is built. We believe that it is time to resurrect the days of 'personal service'.

We strive to give you, our employer, outstanding customer service. We will work with you to develop a personalized travel program to suit your company and its growing needs. We proudly stand behind our company and our old fashioned standards with new and exciting avenues.

As you have nothing to lose and everything to gain, please print and complete the proposal form (page 2). You may fax, or if time permitting, call us with your information. We will tailor a program to compliment your travel needs.

We look forward to hearing from you and hope that you will allow us to serve you.

Sincerely,

*Nancy L Welch*
